SUMMARY

Enthusiastic Full Stack Developer skilled in MERN stack development, Java programming, and REST API integration. Built multiple academic and personal projects including web applications with authentication, database connectivity, and responsive UI. Quick learner with strong problem-solving skills and interest in scalable application development.

EDUCATION

B.Tech - Information Technology Sri Shakthi Institute of Engineering and Technology	CGPA: 8.44	2023 - 2027
HSLC - Computer Science R.C. Govt. Girls Higher Secondary School	PERCENTAGE: 86.16	2022 - 2023

SKILLS

Programing Languages: Java, JavaScript	Tools: Git, GitHub, Postman, VS Code
Web Technologies: HTML, CSS, React.js	Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL	

PROJECT

Elderly Care Network - (MERN Stack) | [Github](#) | [Live](#)

Developed an Web application that connects elderly users with caregivers and essential services, featuring real-time communication, health monitoring, reminders. Implemented **React UI** for smooth and secure user experience and **RESTful APIs** using Node.js and Express with **MongoDB for scalable data management**.

Job Portal Web Application - (MERN Stack) | [Github](#)

Developed a full-stack job portal with role-based access for recruiters and job seekers using the MERN stack. Implemented **job posting**, **application tracking**, resume upload, and secure authentication using **JWT**. Integrated a skill-matching system to provide **job recommendations** and improve candidate-job alignment.

University Course Registration System - (Java, MySQL, JDBC, MySQL Workbench)

Developed a console-based University Course Registration System using **Java and MySQL**. Implemented features like **student registration/login**, course enrollment, course management, and admin control **using JDBC**. Designed relational database schema and handled many-to-many relationships between students and courses with efficient data operations.

CERTIFICATIONS AND ACHIEVEMENTS

- Completed “The Ultimate GitHub Guide for Emerging Technologies” **Bootcamp** – NoviTech R&D Pvt. Ltd. (March 2025)
- Participated in **Web Designing Workshop** – XENIRA, Kalam 2024, Sri Shakthi Institute of Engineering and Technology
- Solved **250+ problems on LeetCode** – focusing on Data Structures and Algorithms and strengthening problem-solving skills in algorithms, time complexity, and coding efficiency
